

IEA 11th Annual Global Conference on Energy Efficiency Privacy Notice

Please refer to the [Data Protection Notice regarding Visitors to the IEA and IEA Event Participants](#) available on the International Energy Agency (IEA)'s website for further information regarding the IEA's processing of your personal data in connection with your participation in the **IEA 11th Annual Global Conference on Energy Efficiency** taking place on 29-30 June 2026 (the "event") and your rights in relation to your data. *If you have further queries or complaints related to the processing of your personal data, please contact the Organisation for Economic Co-operation and Development (OECD) [Data Protection Officer](#). If you need further assistance in resolving claims related to personal data protection, you can contact the OECD [Data Protection Commissioner](#).*

The IEA also wishes to inform you that:

- The IEA is using Eventiiia event management platform for the registration of all participants. As set out in Eventiiia's [Privacy Policy](#), personal data uploaded by event attendees to Eventiiia (including first name, last name, gender, email, job title, affiliation, country of residence, dietary requirements and additionally, for certain participants, their travel plans, and/or their photo and bio) solely for the purposes of carrying out services for the OECD/IEA in respect of the event, including to enable registration and access information about the event;
- The IEA may also share certain registration and travel information with one or more IEA partners including NRCan, IRCC and Hydro-Québec. The information the IEA shares with the contractors may include full name, country, job title and email address for some participants pending their agreement;
- The IEA may also share information regarding event participants with the Canadian Government and authorities for event security purposes, namely full name, email, organisational affiliation, role, country and a personal photo;
- Name and organisation of event participants (eg. event speakers, panellist) may be shared with presenters or other event participants via email. The IEA will not include participants' contact details, such as emails, in any such shared list;
- The event will be recorded and webcast live at <https://www.iea.org/events/11th-annual-global-conference-on-energy-efficiency>. Additionally, the recording will be posted after the event on the IEA's website as well as on the event website: <https://www.iea.org/events/11th-annual-global-conference-on-energy-efficiency>. This to expand access to a wider audience, including people who weren't able to attend the event. Photographs may also be taken to facilitate communications and publicity. The recordings and photographs may be disseminated on social media channels and potentially re-used for informational purposes for up to 5 years. Additionally, the livestream recording will be available for public review for up to 10 years. All such material will then be archived at the IEA for an indefinite period of time. Only limited IEA staff have access to such archived recordings and photographs. The IEA is unable to edit the recording during the live webcast or after the event to obscure any participant's image.

As mentioned in the IEA's notice, the IEA may also contact you about future events that might be of interest. If you do not wish to be contacted about future events please send an email to efficiency.conference@iea.org.
